## WEST CAMP

Troop 275 in Freemont Village will be going home on Friday, June 28. All Staff Men counseling scouts in this Troop should encourage them to complete as many requirements as possible.

Greg Venger of Troop 3 has caught the record Northern Pike of the summer. He used a yellow spoon with black polka dots. The fish weighed 6 1/2 lbs. and was 32 1/2 inches long.

Do you want to find out what finch is like a sparrow dipped in raspberry juice —see your ecology conservation bulletin board.

Troop 78 has challenged Troop 74 to a canoe swap at 3:30 this afternoon.

It appears that Richard Wolf will be taking home the silver bullet this week.
