## From the Wabaningo Wilderness:

Mike the scribe of troop 57 with more news from the wilderness. The wilderness is now becoming a refined campsite as lashed tables and advanced fireplaces rise. There is even a rope and spar rocking chair for "Doc." The hard working scouts of 57 are truly on the go.

A wood druid has told us that two Scouts in T-71 have set a new Wild Wolf River White Water Rubber Raft Run Record set in one hour flat.

Wab's Menu of the Day: "Doc's favorite"

Toasted Dragonfly stuffed with twinflower garne. Upon catching one large dragonfly, field strip it. Boil twinflower in hogfat and allspice. Fill abdomen of dragonfly and cook on a spit until toasted golden brown. A succulent dish for the most discerning tastebuds. Follow with after dinner mint flavored toothpaste.
