West's Words of Wisdom:  
Whatever you were going to do, do it!

**ATTENTION!!!**

Memo to all West Campers: (re: village cheers.)  
How about village cheers? In lowly East Camp each village has it's own cheer! They are often used to drown out speakers, cover up announcements, put excitement into otherwise dull meals and just to raise heck. Each village WILL have a cheer for Wednesday lunch.

Thanks, The Management.

John (Crafty-hands) Hopkins invites you to "Come on Down and Make Something."

Horse rides are going on now--Hurry! Buy now they're going fast. Reserve your space on a Ma-Ka-Ja-Horse.

There's a lost and found in the West Camp Office. If you lost anything come down and ask us for it and we'll see if we have it.

**FLASH, AGAIN!!!**

Another report just in. The Kangaroo's brother jumped the Pearson Zoo fence. It seems that these two well planned escapes had been in the planning stages for weeks. A conspiracy? Mob activity? Who knows. But they were last seen hopping through the cemetery near the entrance to camp. What will happen next is a mystery to all. Keep watching the Smoke Signals for further news flashes.

West Camp staff thanks Doug Adams for lending them an ear !!!

FROM THE EAST CAMP FRONT
