Vol. V No. 17 (The Only Daily Newspaper in Pearson, WI.)
July 14, 1978

TGIF-That's my thought for the day. Just in case you don't know what that means, it's "Thank God it's Friday". Not only is it Friday, but it is a beautiful one at that. And, it is going to be a beautiful night for the opening of Vigil weekend. Your reporter, (impressive, eh?) has never seen the O/A Campfire. But, it is really supposed to be something special. Hope to see everyone there. Family Camp people should meet in front of the Country Store at 8:30 PM. Mike Swanson will meet all of us there, and lead the congregation over to the Firebowl. We will be walking, so be sure to wear some comfortable shoes. Oh, be sure to bring a flashlight, too. The streetlights along Highway 94 are not working, and a flashlight will be helpful.

WEST CAMP
